Rotary Distributes Hampers

Members of the Drayton Valley Rotary Club are shown just before Christmas filling a long line of grocery carts at Block's Store to help make Christmas brighter for a number of town and district families. The hamper project is undertaken annually by the club under the chairmanship this year of Billy Rose (second from right) checking lists with John Hanson. Other members shown at left are Bob Mayhew, Mike Gormley, Fred Raven and Len Bannard.

CHRISTMAS FIRE DESTROYS HOME

Fire at about 10:30 a.m. on Christmas morning completely destroyed the home of Mr. and Mrs. Cy Young about ten miles south of Drayton Valley on Highway 57.

The small frame house was a complete loss and the family also lost all possessions.

Mr. and Mrs. Young left about 10:00 a.m. to travel to Lindale to bring Mr. Young's brother home for Christmas dinner and returned less than an hour later to find their home destroyed.

The Young's four girls, the eldest 16 and 15, discovered the fire behind a heater and attempted to extinguish it without success and telephoned neighbors to help. Neighbors and the Drayton Valley Fire Department responded to the alarm but were unable to save either the building or its contents.

Neighbors rallied to the family's aid with food, clothing and bedding to meet immediate necessities. Financial assistance also came a few days later from Drayton Valley and Breton clubs and the Drayton Valley Miles for Millions emergency fund.

Mr. Young, who stated the future looked extremely bleak immediately after the fire, expressed his thanks to neighbors and organizations that came to the family's assistance.

Italian Breed Meeting Topic

The new Chianina cattle from Italy will be introduced to Drayton Valley area cattlemen at a meeting in the Legion Hall at 7:30 p.m. on Thursday, January 7th.

Guest speakers for the evening will be Dr. Roy Berg of the Alberta Government Research Station and Mr. A. Mills of American Breeders Service. Dr. Berg visited Italy recently and will show films and slides of the animals taken during tours of the country.

None of the animals have arrived in Canada yet but the first shipment is expected in March and some semen could be available by late summer.

The possibility of an A.I. course will also be discussed at the meeting and if sufficient interest is shown, definite plans and date will be set.

Coffee and donuts will be served during the evening by the Drayton Valley and District Chamber of Commerce.

Rock Hounds Plan Meeting

An organizational meeting to form a local rock hound club has been set for Wednesday, January 13th at 8:00 p.m. in the Town Hall.

Organizers of the meeting point out that the meeting (and the club, if formed) is open to anyone interested in any aspect of the rock hobby. Experience is not necessary, and anyone interested is invited to attend.

Supporters visualize the possibility of talks and films on the hobby, as regular meeting fare. Summer field trips are also a possibility.

Everyone interested (beginners or experts) is asked to attend as the decision on proceeding with the club formation will depend on the degree of interest shown.

CHAMBER MEETING

Annual meeting of the Drayton Valley and District Chamber of Commerce will be held at 8:00 p.m. on Thursday, January 21st in the Town Hall. Election of officers will be a major item of business.

Rebels and Maroons Meet Tuesday for League Lead

On December 19th the Rebels hosted the league-leading Camrose Maroons and defeated them 5 to 4. This was the best played and fastest game of the season so far and no doubt we will see a repeat of that game Tuesday, January 12th at 8:30 when the Rebels host the Maroons again.

First period goal for the Rebels was scored by Jim Feeney assisted by Sam Belcourt and Wayne Garding at 12:48, tieing the score 1 to 1. Camrose scored first at 3:05 by Alex Wilhauk.

In the second period D.V. out-scored Camrose 2 to 1, Sam Belcourt from Terry McGowan at 6:32. Camrose scored their only goal of the period at 17.59 tieing the game up again, scored by Les Ledine.

Rebels second goal of the period came at 19:01 from Henry Hodgson assisted by Jim Feeney and Sam Belcourt. Second period ended Rebels 3, Camrose 2.

A very exciting third period saw both teams score 2 goals apiece. The Rebels started off with a bang getting a goal at 0:27 seconds from Jim Feeney assisted by Henry Hodgson and Sam Belcourt. Camrose replied at 0:55 with a goal by Dwayne Kinnee and again at 1:47 with a goal by Alex Wilhauk tieing the game.

Then for almost 11 minutes it was real fast up and down the ice hockey. Then at 12:32 Ray LaPointe got a pass from Louis Hendrickson coming from Rick LaPointe. Ray recieved the pass about half way between the center line and the Camrose blue line and with sheer determination

Recreation Leadership Students Carol in Town

On December 22, thirty high school students from Seba Beach, Stony Plain and Drayton Valley were out in the sub-zero weather carolling through the residential districts.

These students are participating in a three-year high school recreation leadership course. The course is sponsored by the Parkland School Committee, the Parkland Regional Recreation Department, and the Student Councils of the three high-schools involved.

They meet once a week in Stony Plain and are becoming trained in many aspects of leadership, including Playground Crafts, Coaching and Officiating, Program Planning, First Aid, Community Music and Dancing, and several other recreation-related subjects.

It is expected that students completing the course will be fully qualified to hold positions as leaders in several other fields of recreation.

The co-ordinator of the course is Janet Cross and students taking part from Drayton Valley and district are: Bruce and Mark Hutton, Janet Metelski, Jean Gusek, Wendy Medwed, Cheryl Davidiuk, Debbie Reid, Jim McKillop, Ann Kaarsemaker, Brenda Streit and Dean Samis.

The students are very enthusiastic about their experiences with the course so far, and are looking for the opportunity to gain experience through working voluntarily both at their schools, and within their communities. Anyone wishing to have these young leaders assist with community functions, may enquire by calling Jim McKillop in Drayton Valley or Pauline Liviniuk in Seba Beach. Mrs. Cross can be reached by contacting the Parkland Regional Recreation Department at 777-2211.

Depots to Serve Fire Victims

A ladies auxiliary to the Drayton Valley Fire Department was organized recently and is now setting up receiving depots for articles for the use of fire victims in the area served by the Drayton Valley Fire Department.

Local residents and business firms are asked to contribute items that could be put to use by families that have lost their homes or possessions. The depots are located at the Sewing Basket and at the residence of Fire Chief Don Greiner.

Arrangements may be made to pick up articles by phoning the Greiner residence, at 542-3457.

Regarding the Cy Young family's loss on Christmas Day, a few items of clothing are still required. For information and sizes in this regard please phone 542-3457

District Council Changes Name

On December 9th, the annual meeting of the Stony Plain 4-H District Council was held in the Duffield Hall. Representatives from most of the 4-H Clubs in the council were on hand to elect a new executive.

The following were elected: President, Mr. Smith of Duffield; Vice President, Mr. Case; Secretary Treasurer, Andy Strass; Reporter, Mrs. M. Bruner. Regional Council Representative was Mr. Gary Webber. Spruce Beef Committee, Mr. Mitchell; Stony Plain Beef Committee, Mr. Strass; Drayton Beef Committee Mr. Case.

The name of the District Council was changed from Stony Plain District Council to Parkland 4-H District Council. Various interclub activities were discussed. These were: curling, Valentine dance, camp He-Ho-Ha, Rally, and Public Speaking.

Mr. Rick Andrews, Northwest Region 4-H and Junior Forest Warden Specialist was on hand to pass on news from the Department of Youth. Two items of main interest were that the club age had been lowered to ten years of age and that several of the project books were being revised as well as that new projects were being introduced.

MAIN STREET

The only things more fun to read than the year-ahead forecasts are the experts' anguished explanations next December as to how they missed the target.

Rebels, Maroons Meet Tuesday

Cont. from Page 1

took the puck through the Camrose defense and beat goal tender Dennis Gaede to score what proved to be the winning goal.

A great hockey game with only 9 penalties handed out by referee's Harvey Dodds and Doug McAvoy-not one was a high sticking penalty.

On December 29th the Rebels journeyed to Wetaskiwin to play the Colonels. A Wetaskiwin player named Harold Maciborski outscored the Rebels 5 to 3 and the rest of his team mates added 5 more.

The week lay off for the Rebels took its toll and the game was a team effort of bad skating. The Colonels had a chance to get the turkey out of them 2 days before when they played Stettler in a regular league game.

Goal scorers for D.V. were, in the second period, Ray LaPointe from Rick LaPointe and Frank Novosel at 8:52 and at 12:19 Jim Feeney from Rick LaPointe and Terry McGowan.

Rebels got their third and last goal at 16:29 of the third from Doug Hall assisted by Ron Hemmingway. Game ended Colonels 10, D.V. 3. Only 7 penalties were handed out by Referee's Bob Magee and George Bossi; three to D.V. and four to Wetaskiwin.

The Rebels still smarting from the Wetaskiwin game, hosted the Stettler Imperials on Saturday night, January 2nd. Led by Sam Belcourt with 2 goals and 4 assists they bombed the Imperials 10 to 2 before the largest crowd of the season -- 535 paid fans.

The Rebels led 3 to 1 at the end of the first period with goals from Louie Hendrikson at 3:16 from Sam Belcourt and Terry McGowan; at 8:05 Ron Hemmingway from Dan Davie and Frank Novosel; at 11:08 Louie Hendrikson collected his second goal assisted by Sam Belcour=and Henry Hodgson. Stettler's only goal of the first period came at 14:46 from Roger Mallett.

The second period saw the Rebels score two goals to Stettler's one. Stettler goal scored by Fooks, who in the third period broke his collar bone. Rebel's goals came from Rick LaPointe at 5:07 from Doug Hall and Ray LaPointe; and at 9:08 Sam Belcourt from Terry McGowan and Henry Hodgson.

The third period saw the Rebels score five unanswered goals. Rick LaPointe scored his second goal at 5:14 assisted by Doug Hall and Dan Davie; Henry Hodgson picked up his third point of the game with a goal at 7:58 assisted by Sam Belcourt and Wayne Garding; and at 10:34 Frank Roggeveen scored from Henry Hodgson and Sam Belcourt; Jim Feeney scored Rebels 9th goal at 17:15 assisted by Dan Davie and Frank Novosel; and at 17:43 Sam Belcourt ended the Rebels onslaught assisted by Ron Hemmingway and Dan Davie.

Referee's Ken Machan and Lyle McGinn handed out 10 penalties, eight to D.V. and 2 to Stettler. Ken and Lyle took the league out of a bad situation when the regular league referee's didn't show up. We are lucky to have two men of this calibre to step in at a moments notice and referee in this league. Thanks to Ken and Lyle for a job well done.

The Rebels did not let up on Sunday as they shut out the Imperials 5 to 0. Barry Pankewicz picked up his first shut out of the season and a very deserving first star, kicking out 31 shots by the Imperials.

Frank Roggeveen led off the scoring at 9:42 from Jim Feeney and Sam Belcourt and the first period ended 1 to 0 for Drayton Valley.

In the second period Henry Hodgson scored his first of 2 goals assisted by Sam Belcourt and Wayne Garding at 1:57; and at 17:12 Ray LaPointe from Dan Davie and Wayne Garding. The period ended 3 to 0 for Rebels.

At 3:46 of the third period Henry Hodgson collected his second goal assisted by Louie Hendrikson and Sam Belcourt. Jim Feeney finished off the scoring at 6:27 from Doug Hall and Ron Hemmingway-from here on the Rebels played defensive hockey to protect the shut out.

Starting the weekend series with Stettler, the Rebels were 6 points behind Camrose and had 2 games in hand. The 2 wins brings them within 2 points. The Maroons were idle over the weekend.

Camrose plays Tuesday in Stettler, and Rebels don't play a league game until this coming weekend when they travel to Stettler for a double header Saturday and Sunday. Camrose also play Saturday, but not Sunday so by Sunday night the Rebels can be tied for first place and even up on games with Camrose making next Tuesday's game at home a real barn-burner when the Rebels host the Maroons.

The U. of A. Grads are in town Thursday night to play the Rebels in an exhibition game at 8:30. The Grads consists of Ex-Golden Bears and ex-professionals and play a very crowd pleasing type of hockey useing a lot of know-how. League standings and statistics in next week's Western Review.

PART OF OUR DRIVE FOR CLEANER AIR...

Here is a car which looks and runs like any other car of its kind. But under the hood and in the trunk are added components which make it unique. It is the first unit of a fleet of natural gas fueled cars which your gas company is putting on the road as part of our drive for cleaner air!

Reduces Pollution by 90%

The car has a standard engine on which the air-cleaner has been replaced with a natural gas mixer.

Yes, it uses the same clean-burning fuel that heats your home! The result is elimination of 90% of the air-polluting contaminants normally released through engine exhaust.

About 70% of air pollution in cities is said to be caused by motor vehicle exhaust. This is of course avoided with clean-burning natural gas.

The gas company's "Clean Air-Fleet" will operate on compressed natural gas. Over 3,000 such vehicles are in use in the United States today.

Fortunately, Alberta's skies are relatively free of pollution. This is in part due to the widespread use of natural gas, the world's cleanest burning fossil fuel. By converting gas company vehicles to natural gas fuel for city operation, and by developing systems to make such conversion practical for other car and truck fleet operations, the gas company is taking one step towards reducing air pollution.

Watch for these cars and trucks.

LEGISLATIVE REPORT

By Kevin Peterson and Don Sellar (Of the Calgary Herald)

Most political attention in Alberta is directed toward the Social Credit and Conservative parties, but it's also a fact that 27 per cent of the electorate has no direct voice in the Legislature.

These are the people who cast ballots for New Democratic Party or Liberal candidates in the 1967 provincial election which saw the Conservatives make some inroad into Social Credit strength.

The minority parties have both had crippling financial troubles since the election. Neither one is given much chance of even challenging the Conservatives for the status of official Opposition in the Legislature.

Both the Liberals and New Democrats will enter the 1971 election under new leadership and similar battle strategy. Because they can't display strength in all regions of the province, they will have to concentrate their efforts on a handful of seats and field token candidates in many others.

For Grant Notley's NDP, the North appears to be the most fertile ground. In 1967, the party polled over 30 per cent of the vote in 12 seats -- most of them in the north -- and leader Notley will look to these areas for support.

The leader himself will tackle Spirit River-Fairview, where his party polled 39 per cent of the vote last time and made its strongest showing. Mr. Notley is counting on a deep split in Social Credit ranks and a vote-splitting Tory candidate in the constituency to improve his chances.

Although he hopes to run candidates in all 75 ridings, Mr. Notley candidly admits to only longshot chances in the 29 Calgary and Edmonton seats.

A large part of the leader's time during the past year has been spent on party financial woes. A severe austerity program plus fund-raising efforts have brought a $66,000 debt under control, Mr. Notley says, making an NDP election campaign feasible.

During his two years as party leader, the social democrat has impressed most political observers with his knowledge of provincial affairs and his ability to communicate. Surprisingly, some of his political opponents express disappointment that Mr. Notley and his point of view are not presented in the Legislature as a counterpoint to the conservative consensus there.

The Liberals, meanwhile, have been unfolding a tale of political failure and fumbling not often seen in politics anywhere. The party has been left leaderless for the fifth time in the past six years and even if a new man is chosen before the next election, he faces almost certain disaster at the polls.

The last hope for a Liberal rebirth-- under business man Jack Lowery -- was dashed last March when the leader began his involvment with the Social Credit cause and quit the party.

Since then, the party has had a major quarrel over whether it should separate its federal and provincial functions, and debate hasn't yet terminated on whether it should bother finding a new leader for the 1971 campaign.

A six-man committee, headed by Calgary lawyer Brian Stevenson, will tell a January Liberal convention whether it thinks the exercise of choosing a leader four months before an election campaign is worthwhile.

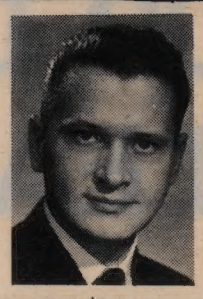
Equally uncertain is the party presidency. Traditionally Liberal presidents serve for two years and Calgary lawyer Peter Petrasuk must decide next month whether he will adhere to this policy and give up the post.

To make matters even more bleak from the Grit viewpoint, an unknown number of party supporters have broken ranks and joined either the Socred or Tory parties. The Liberal share of the popular vote dropped to 11 per cent in 1967 from 20 per cent in 1963. The party again is facing a fourth place finish in the next election.

The NDP, however, increased its share to 16% in 1967 from 9% in 1963. Mr. Notley can reasonably expect to do better in 1971, but no one knows whether this means he can win House representation.

Report From Parliament Hill

By Allen Sulatycky, M.P.



The Holiday Season always seems to be an appropriate time to reflect on the past months and to look forward to the ones coming.

Certainly, most Canadians wil remember the political kidnappings in Quebec as the most poignant national event of 1970. Its effects will be with us for some time to come; its impact, as yet uncertain.

I look back on a year of greater involvements in the affairs of the House of Commons. During the year I took the opportunity to raise a number of matters in Parliament. Among them were old age pensions, coal mining in Rocky Mountain riding, National Parks problems, the Budget, regional development and incentive grants, the shortage of dentists, agriculture, and the develeopment of the communities of Rocky Mountain and other smaller centres.

I also continued to serve on a number of committees. Those on which I have served regularly are Indian Affairs and Northern Development, National Resources and Public Works, Agriculture and Environmental Pollution.

From time to time I also assisted in the committees on Transport and Communication, Election Expenses and Miscellaneous Estimates.

In addition to my Parliamentary duties, I had the honor to represent Canada at the 16th Annual Assembly of NATO parliamentarians at the Hague, The Netherlands.

One of my personal high points of the year came during the NATO trip when on November 11 I and another Canadian delegate visited the Vimy Memorial and the Canadian War Cemetary at Bergen Op Zoom. Standing there, where so many Canadians are in final rest, is an unforgettable experience. Thereafter one has a yardstick by which to measure one's own contribution to Canada and democracy.

May 1971 bring joy and success to each of you, peace and brotherhood to all in the world.

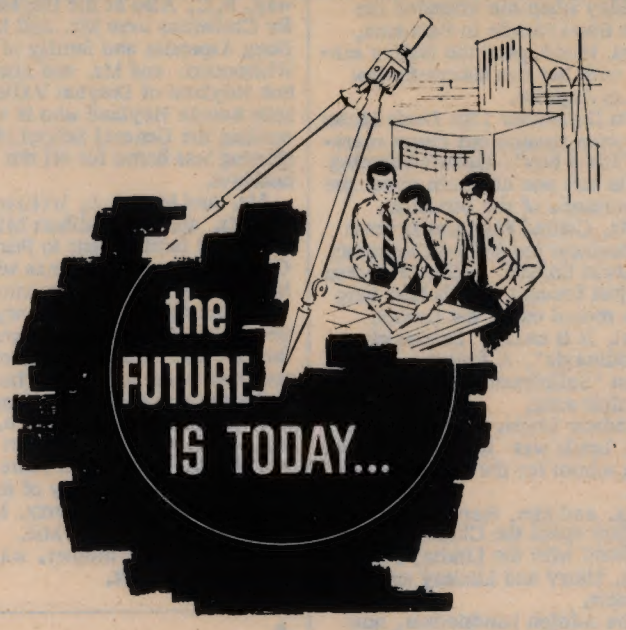
Editorial Comment



. . . In Living
. . . In Industry
. . . In Freedom

PROGRESS IN LIVING. We've welcomed a new year and the days ahead call for thoughtful effort, not merely to improve our living, but to protect and preserve the very basis of life, our environment -- through conservation and pollution control. Modern discoveries and developments have given us a standard of living that is high indeed. Now, we must learn to use our technology and its products more wisely, more prudently, that life and its joys may long endure.

PROGRESS IN INDUSTRY. Both business and industry face two major challenges for 1971, challenges which every individual must share -- to better our environment and to boost our economy. Let us heed the call to progress -- and move ahead.

PROGRESS IN FREEDOM. Let us remember that freedom depends on cherishing what we have with pride and honor. It depends, too, on using the democratic process for orderly change -- that freedom may forever flourish, vital and growing, a precious and enduring privilege.

A Personal Viewpoint On Education

By GEORGE MANN, Fallis

Our Educational System requires a better grounding in the social realities of todays moment of existence. We must stop, look, and listen before we move in another direction and waste a lot of money. No society can survive without an implicit conception of what people should be like, and the controlling institutions of any society will generally seek to support those motives of human nature which will guarantee the survival of the society. We must emphasize however, an honest and accurate examination of one's experience, focus on being in this world, in a positive not negative manner.

We must insist through education, that human existence unto death, must be experienced subjectively and qualitatively. We have to release the individual from the scientific demands of our time, to say, in order to have truth, that man has to communicate his subjective experience as sense data, which can be objectively verified by others, is morally wrong. Man has to be free in order to make a responsible choice, if not man will be reduced to a common denominator through analysis. When man feels that he is becoming submissive through the operating characteristics of the system he finds himself in, he becomes afraid subjectively, and to lose the remnants of his identity even though the contrary is couched in magic terminology and expectation; turns him anti-establishment.

Let us ask ourselves, is our Education System worth perpetuating as constituted in today's system? Somebody has the key that will unlock and release the wisdom to reverse the cause of this fragmentation and social unrest.

Education is an instrument to help us continue as human beings. I believe in this common revolt against absolute idealism, which holds that time is only an appearance and not an ultimate reality.

There is, I think, a big difference between reality as it is lived and reality as it is conceptualized by the intellect. We have to be very careful of techniques used in today's commercialized society that organize flights for human beings "away from the self", man should establish principles and values derived from concrete and everyday human experience rather than from any abstract or specialized areas of knowledge, "wishful thinking" is not knowledge.

As humans, I believe when we make decisions that we involve the human situation in its totality at all times, then before you accept this decision as a way of life, ask yourself; How will this affect the basic conditions of human existence?

Education like the brain should be the centre for all receptions and dispatches to maintain equilibrium and co- operation. Education has to provide a method of establishing meaning out of basic conditions and to provide a tool to instruct and motivate humans to live in their environment as they will find it. I find Education today very ceremonial and too conventional, giving nothing to a subject but a feeling of remoteness from the facts of life.

EVANSBURG NEWS

Well, the holiday season is over and here's wishing the best in the year to come to all the readers of this column. The weatherman has been co-operating, too, to make this an enjoyable holiday time. There have been many visitors to their various homes in the village and many village folk travelled to various spots to be with relatives and friends during the festive season.

The village was very nicely decorated, too, for the holiday season. One of the main attractions being the star on top of the water tower and the tree outside the village office.

School in the village closed on December 18th for the long Christmas holiday. The Evansview school held a concert on the 17th during the afternoon at which many of the parents turned out. The High School held its concert on the afternoon of the 18th and a dance on the night of the 18th.

The four 4-H clubs in the area held a joint Christmas party on the 21st. This year the Entwistle Clothing Club hosted the party in the school gymnasium. Members of the Clothing, Beef, Field Crops and Tractor Clubs attended.

The CWL held a raffle to raise money and they have informed me that the winner of the food hamper being raffled off was Maura Hansen of Niton.

Enjoying a wee holiday chat on Christmas Day via telephone was Mrs. J. Stewart, who chatted with her sister who lives in Houston, Texas.

Reno is a small rural community, formerly a rural school district -- some eight miles south of Evansburg Village. The following shows what co-operation will do even way out in the country.

On December 19th, a Christmas concert and dance was held in Reno Hall. Approximately 250 people were in attendance coming from Hinton, Wildwood, Drayton Valley, Tomahawk and other surrounding districts. Mistress of Ceremonies was Mrs. Margaret Stuhl.

The evening began with the singing of O Canada, followed by a delightful concert consisting of many tiny tots participating. All the children were under the direction of Mrs. Helena Williams. The highlight of the concert was a production called "The Mail Order Brides" casting Ollie Yakmchuk, Laura Richter, Marilyn Court and Joan Kamiski as the brides and Franz Richter, James Stuhl, Wayne Yasinchuk and Robin Stuhl as the cowboys. The preacher as played by George Williams and Gary Williams was the bartender. The production directed by Mrs. Margaret Stuhl was a hilarious comedy and a great success.

Singing of Christmas carols was led by Lorrie Kozak.

The second highlight of the evening was the long awaited appearance of jolly old Santa Claus who had a surprize for everyone. This year he decided to bring Mrs. Santa Claus with him to the delight of all the girls and boys. A gift and bag of treats was passed to all the children attending. Before making their departure, Mr. and Mrs. Santa Claus posed for pictures with the children on stage.

The lucky ticket holder for the dressed hog was held by Mrs. Sybil Pedden of Entwistle. The turkey was won by Tracy Worshcuk of Evansburg. A dance followed climaxing the evening.

Consider Organization Little League Basketball

The Drayton Valley Athletic Association is contemplating the formation of a town basketball league at the Little League level. This will involve boys from ten to thirteen years of age and should serve all those who are too young for Junior High School Basketball and who still want to play the game.

An interesting survey has already been taken in the different schools in Drayton Valley and the interest shown was very encouraging. If this project should go ahead we would be looking at a league of at least four teams.

Training sessions and games will likely be playing at the Junior High School on Saturday mornings from 9:00 to noon

If this league is to be a success we will need coaches and officials, about eight coaches, two to a team and at least four officials. Anyone over sixteen years of age and who is interested in the furthering of this type of program should get in touch with the recreation office in the near future.

This is the first time this type of program has been offered in Drayton Valley, although it is very well accepted in other parts of the province.

Here we must stress the fact that this program is meant as a filler of gaps and is in no way intended to compete with hockey skiing, boxing or any other winter activities. Any boy involved in other activities should plan carefully if he intends to take part in the proposed basketball program in order that his other activities do not suffer as a result.

It would seem that Little League Basketball will be popular here, however, plenty of help will be needed to make the program a success over the next three months.

The program is jointly sponsored by the Parkland Recreation Council and the Department of Agriculture, Distfict Home Economist. The program before Christmas were held one afternoon a week for 2 to 3 hours. A play school is going on at the same time, for toddlers and the preschoolers. The afternoon programs for the New Year look exciting. Some of the topics include flower arranging, preschool crafts, Easter decorating, stretching your budget dollar and sewing tips.

The kickoff program for Stony Plain will be held on January 14, 1:30 P.M. at the Community Centre. I will be presenting the program on "Entertaining with a Flaire". See you there. The program in the Drayton Valley area will begin on January 20th.

Rev. Oldring officiated at the ceremony.

The bride was given in marriage by her father and looked lovely in a white velvet gown, with empire waistline trimmed with white lace threaded with purple velvet. Her shoulder length veil was held in place by a face-framing white flowered tiara. She carried a cascade bouquet of purple and white carnations and daisy mums. The bride was preceded down the aisle by Lana Blades, cousin of the bride, Rosemary Toth, sister of the groom and the Matron of honor was Judy Andersen, sister of the bride. The Matron of Honor and the bridesmaids all wore deep purple velvet empire waistline gowns trimmed with white velvet bows and floor length streamers. Each girl wore a maribou head band, gold chain and pearl pendants gifts of the bride, and carried white fur muffs with a spray of daisy mums and carnations attached.

The groom was attended by best man Reg Anderson, brother-in-law of the bride.

The groomsmen were Rick Mcgonnigal and Ron Morley, both of Calgary.

The ceremony was followed by a reception at the Alder Flats Community Hall which was decorated for the occasion in purple and white. The brides table was centered by a large cake, beautifully decorated by Mrs. Elgin Nicollis.

Mr. Dave Robinson was master of ceremonies, Mr. Dale Rhyason said grace which was followed by a lovely supper prepared by the Canadian Legion Womens Auxiliary.

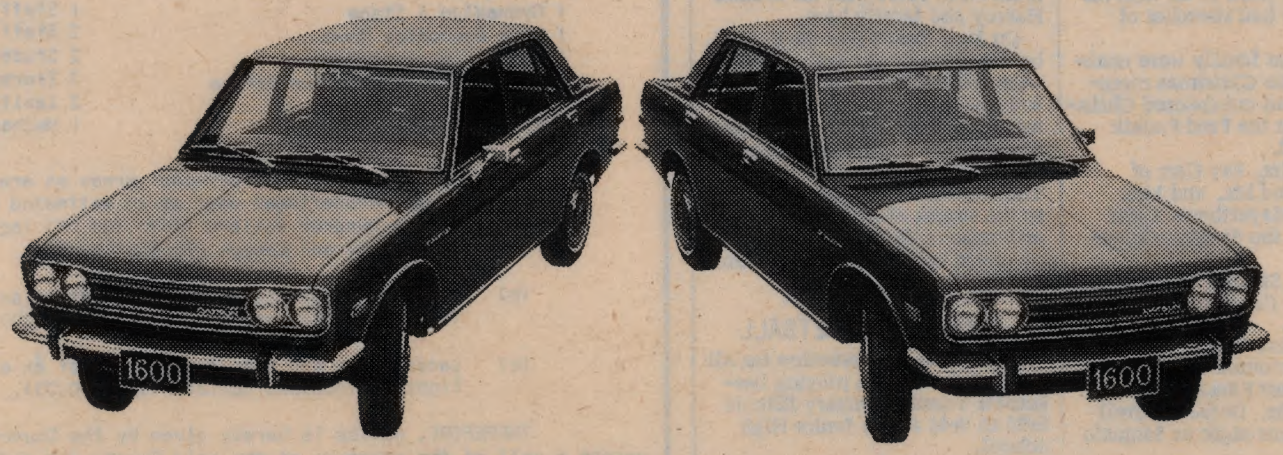
Before you spend over $4500 on a car think twice



Datsun 1600 isn't long like a big car, but it's big inside where it counts.

It doesn't have all sorts of optional extras, because everything on it but a 3-speed automatic transmission and a radio is standard equipment. Like carpet, flow-through ventilation, front disc brakes, bucket seats, whitewalls and textured vinyl upholstery.

More important, a Datsun 1600 will go anywhere a big car will go and a lot of places a big car can't. And on the way there, it will give you up to thirty-five miles for a gallon of gas and around 100,000 miles between major overhauls.

For around $4500 you get twin 2-door 1600's. Or a wagon and a 2-door. Or two 4-doors. Or just one Datsun and a bundle for your bank. No matter which way you do it you win, when you think about it.

MINOR HOCKEY CORNER

Minor Hockey Program in Drayton Valley is now into high gear as all teams have been geared and fitted into uniforms and all scheduling has been completed.

In the Mighty Mite division, Dowell and A.M. Plumbing are still having a battle for the leadership after the New Year each Mighty Mite night will see the teams divided into two teams to have two games going at one time on half the ice surface.

The Mite Division sees Hi West leading the league. This came about by a very fast jump at the first of the season, they are still leading the division but are now being threatened by the other teams of Swanees, J & A and Flint.

Tomahawk is still undefeated in the Pee Wee Division. The Rotary, Elks and Lions are in a close race for second place.

Bantam Division has the Shell Service squad leading the pack followed by Bambees Apollos and L.B. Esso who had their problems up to now but seem to have most of them solved now. The New Year should have great things in store for this Bantam House League.

The Travelling Teams are now starting in their leagues with the Juvenile Pembina Pipeliners well into the league and leading with only two losses to date.

Both the Midget Clippers and Midget Rebels are involved in the Highway 16 league but have not seen league action as yet. The Pee Wee Leprechauns went down to their first defeat in league action as the Stony Plain "A" team defeated them 7 to 1.

Help support minor hockey, buy a booster ticket.

PARKCOURT NEWS

The Christmas season activities began with the annual concert which was held in the hall on the evening of the 21st. With a minimum of preparation our local children put on a very good performance for a large audience. Santa arrived and distributed presents and treats and talked to the little ones. The Gay Gatherers who sponsored the evening, passed treats and served a delicious lunch.

The school children had a minimum sixteen days holiday this year which they really appreciated. Several school parties and concerts were also enjoyed prior to the holidays.

Many family gatherings took place throughout the district on Christmas day but due to the high winds and drifted roads quite a number of dinners were delayed as travellers called to check conditions of the road before trying to get through. Quite a few families returned home and then tried again. Christmas night after a few snowplows had been busy. Mr. Pete Prylowski has been having plenty of work to do with his cat on really bad stretches of road.

The Johnson family were unable to get home Christmas morning and had an unexpected Christmas dinner at the Fred Fausak home instead.

Mr. and Mrs. Ray Carr of Whitecourt and Mr. and Mrs. Carl Ohl of Mayerthorpe spent Christmas at the Stanley Greenwood home.

Miss Kitty Stewart was home from Pincher Creek for a few days holiday.

Mr. and Mrs. Walter Dorin and family of Edmonton spent Christmas at the Kurt Fausaks.

Mr. and Mrs. Delbert Farrell spent Christmas night at Sangudo at the home of their daughter after driving the long way around by Carvel, the Rockfort road being impassible.

Mr. Fred Wychinski is home again after quite a long stay in the hospital and improving in health.

We see that Santa brought the Novitski family a new car the day before Christmas.

The Young family motored to Edmonton to be with their mother and sisters for the day.

On Boxing day a very large crowd filled the Park Court Hall and a very good time was enjoyed by all. The Star Lighters Orchestra from Sangudo supplied the music for the dance.

Mr. and Mrs. Gilbert Greenwood had a very rough time getting to his parents home on Christmas Day and they also stayed over for the Boxing Day dance.

Mrs. Delbert Farrell is now in the University Hospital where she underwent surgery. We wish her a speedy recovery.

Mr. and Mrs. Henry Marchand spent New Years with his brother Harvey and family here.

On New Year's Eve the F.C.C. held a party in the hall. Tickets were sold by the club members and several people took turns supplying the music for dancing. At midnight a chicken, goose and turkey supper was served. The New Year was ushered in, to the strains of Auld Lang Syne and noise makers. Then the happy crowd continued dancing into the wee hours.

NEWS NOTES FROM THE D.A.

Many producers are aware there was a questionnaire circulated in the district regarding your use of the radio market reports. It was aimed at getting suggestions on how the market reports can be improved to make them more useful to you. I wish to thank those who co-operated in filling in the questionnaire and returned them to this office. However, if you have not yet received one, or have not returned one, we would appreciate receiving your suggestions.

As winter is a good time to catch up on your reading the following list are some pamphlets that you have paid for through taxation and I understand you don't have one.

To keep farmers abreast of the latest economic projections, the situation and outlook for major commodities, are presented in a publication entitled "Outlook 71" This was compiled by the Economics Branch, C.D.A. which also issues mid year outlook in June.

--Livestock and Meat Trade Report.
--Dairy Cattle Production in Alberta.
--Snow and Wind Control in Alberta.
--Incorporation and Estate Planning.
--Selecting Silos.

These timely publications may be obtained from your D.A. That's all for now.

Best wishes for 71 from your D.A. office.

The central theme of the recent beef short course held at Keephills was R.O.P. testing and the use of records by: (a) commercial operators (b) purebred breeders.

This course was held in response to increasing interest expressed by cattlemen in the use of cross breeding and in using R.O.P. records as a means of selection.

Topics, although focussed on the R.O.P. program, also included presentations on Foreign Cattle Breeds, Breeding Systems and Merchandizing Breeding Stock. For those who could not attend the Short Course or want more detail, copies of the papers presented are available and may be obtained from this office on request.

As a follow-up to this course, there will be a Carcass Evaluation Day held in February and a Marketing Series to be held in March. More details will be forthcoming.

Secondly a question for all livestock producers; "Are You Feed Testing?"

The service provided by feed testing is excellent. If samples of the material you are going to feed are sent in, they are analysed and a nutritionist designs a program you may provide your animals with. This may allow you to use less concentrate than you now use, or it may suggest that you feed more concentrate. In either case you are gaining financially.

If tests indicate you should use less concentrate, then the money outlay is reduced. If indications are you should feed more concentrate or grain then your animals will do better, gain faster and be worth more money to you when you sell them. So you gain both ways.

Details on sampling and sample boxes are available at your D.A.'s.

Also watch for a meeting regarding the mail-in farm accounting system -- Can Farm. For futher details contact your District Agriculturists Earl Lowe or Tom Brown.
